

Flametek

Electric fires, fireplaces and stoves

oer

Designed and distributed by

Welcome to Flametek fires and fireplaces, a range of highly acclaimed electric appliances launched in 2020. Our fireplaces and fires offer a dimmable light effect only and separate heat setting, so our impressive flame effect can be enjoyed all year round. Flametek offers a realistic energy efficient LED flame effect, a simple remote control system and a unique build your own fuel bed arrangement including coals, logs, pine cones, pebbles and crystals.

This range of low maintenance British designed fires can be plugged into any room, creating an instant feature for living areas, kitchens, conservatories and orangeries.

Flametek fires are available through our network of retailers in the UK, please contact us for any further information.
